

Feel the difference

Equinox® tiled roof system

A photograph of a two-story stone house with a conservatory. The conservatory has a dark tiled roof and white-framed windows. A wooden bench sits on a paved patio in front of it. The house is surrounded by a green lawn and some potted plants. A dark circular overlay in the top right corner contains the text "Too hot?" and "Too cold?".

Too hot?
Too cold?

Is your conservatory too hot in summer and too cold in winter?

Here's the solution

Bright, spacious and airy, your conservatory is a great addition to your home. But as the seasons roll by, changing temperatures can make it uncomfortable to be in – too hot in summer and too cold in the winter months.

The Equinox tiled roof is the perfect solution. Combining high-quality precision engineering with attractive styling inside and out, you'll be adding valuable extra usable space to your home without the high cost of building an extension. It all goes to make the Equinox tiled roof the best value way to improve your lifestyle.

Outstanding versatility for your **living spaces**

Equinox isn't just a great system for conservatory roofs either. This versatile solution can also be used to transform flat roofs – whether you are building a new extension or you have an existing flat roof that's ready for a change.

In fact, no job's too small for Equinox. Even porches can benefit from a contemporary makeover.

Complete installation in **48 hours**

This advanced premium-quality roof system has been designed for straightforward hassle-free installation onto your existing conservatory, so you can look forward to minimal disruption to your home life. In fact, Equinox can be installed in as little as 48 hours. It's the perfect replacement for a tired looking traditional conservatory roof, or to turn a new conservatory into a year-round living space.

Wow

No job is too small

Equinox is not just limited to conservatory roofs – why not consider refreshing your porch, or replacing a tired flat roof?

A revitalised living space

Tailor your roof with downlighters and roof windows, to create the right kind of ambience you need.

How will you style yours?

Traditional tongue-and-groove panelling offers a more traditional alternative to a plastered ceiling

Add a **personal touch**

The internal surfaces of your Equinox roof can be finished with a modern plasterboard or tongue-and-groove timber ceiling – creating the look and feel of a conventional home extension.

If you want to maintain a light, bright and airy environment, then optional roof windows will flood your conservatory with natural light – without the harsh summer glare of traditional conservatories. Our premium quality roof windows are available with a choice of features – just ask your installer for more information.

Pocket energy bill savings

The fully insulated roof design achieves U-values as low as 0.15 – roughly 10 times more efficient than an A-rated window. This exceptional thermal performance minimises heat loss – which translates into reduced energy bills.

365-day comfort

Enjoy your conservatory whatever the weather! Come rain or shine, you will experience comfortable temperatures all year round with an Equinox tiled roof.

Reduce noise and glare

Glass and polycarbonate roofs produce glare in direct sunlight and become noisy during rain or hail showers. Equinox dramatically reduces these issues so you can use your space undisturbed.

Fully guaranteed

The Equinox tiled roof system is guaranteed for ten years, so you can be sure that you're buying a robust, well-designed, precision-made product that's built to last. There's even a warranty on tiles of up to 50 years*!
